Dikktat: Prof. Dr. med. Konrad Karcz

Spectabilis, Dear Rector,

Dear Professor Tavkhelidze,

I would like to thank You for the outstanding conversation in Tibilisi in February 2019. On the base of it I would like to help in realization of Your University goals like:

- a) scientific research
- b) workers exchange and staff training
- c) mutual information exchange in the field of didactic programs
- d) supporting and facilitating mutual exchange of research and didactic workers
- e) mutual efforts put in preparing new scientific programs,
- f) publishing of the achievements and its implementing
- g) Establish PostDoc Program

My support is based of our persistent long cooperation. I would like also establish students exchange program with the possibility fort hem to collect some practical expierience in German/ European heath system. Please accept this letter as my personal support for Your Institution. Since now You have an Honorary Ambassadeur for Your University in European Community.

Yours,

Prof. Dr. hab med. Dr. h.c. mult. W. Konrad Karcz
